i-Secure Solution

K2

Card & Pin Door Access System

- Weatherproof Metal Shell Keypad , Conforms to IP68

- 1000 Users, Supports Card, Pin, Card + Pin

- Built in light dependent resistor (LDR) for anti tamper

- Low Power Consumption (20mA)

- Full Programming from the Keypad

- Adjustable door Output Time, Door Open Time

SPECIFICATIONS

Model Name	K2
Authentication Mode	Card / Password (4 - 6 Digits) / Card + Password
User Capacity	1000
Keypad	12 keys , 3 LED status Indicators
Card Reading Range	2- 6 cm
Card Types	EM or EM compatible
Operating Voltage	12V DC
Active Current	<20mA
Idle Current	25+5mA
Electricity Lock Output	≤ 3A
Alarm Output Load	Max 20A
Operating Temperature	-45 – 60'c
Operational Humidity	10% --- 90%
Waterproof	IP68 Metal
Adjustable Door Relay Time	0-99 Seconds
Adjustable Alarm Time	1-3 Minutes
Dimensions	L135mm x W58mm x H26mm
Weight	500g
Wiring Connections	Electric Lock , Exit Button , External Alarm
